

THE HEATHER SOCIETY

acting as

INTERNATIONAL CULTIVAR REGISTRATION AUTHORITY

certifies that

***Erica* × *cavendishiana* ‘Spring Light’**
(a Cape heath)

has been registered by

KURT KRAMER
Edeweicht, Germany.

REGISTRAR _____ DATE _____
on behalf of The Heather Society

Its characteristics at the time of registration were

Flowers yellow, May–June; foliage mid-green;
habit upright, to 30cm tall, 20cm spread after 2 years (not pruned).

More floriferous than ‘Gengold’ and upright.

Origins: deliberately raised seedling by Kurt Kramer, made in 2003 (03-14-2)
between unnamed seedlings, both from *E. × cavendishiana* ‘Gengold’ (*E. nana* × *patersonii*),
selected in 2008.

Cultivar registration number: E.2013:01
